Subject: Scheme SERB-SURE – Constitution of Screening Committee

Dear Dr. Mukhtar Ahmad Khanday,

Science & Engineering Research Board (SERB) has been established as a Statutory Body under the Department of Science and Technology (DST) to function as a premier agency to support research in frontier areas of Science and Engineering.

SERB is implementing a scheme that seeks to explore new competitive research project proposals from researchers of state-level institutions of higher education across India with special emphasis on state universities and colleges. SERB-SURE (State University Research Excellence) is a scheme that makes a platform to augment the research capabilities in a structured way to create a robust R&D ecosystem in state & private universities and colleges by fostering collaboration for high-end research.

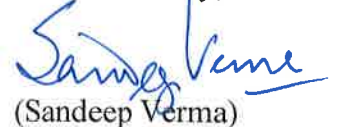

SERB has put in place robust processes to establish support worthiness of these grant applications based on their scientific merit on a competitive basis and in a fair, objective and transparent manner.

It is my privilege to invite you as the Core Member of the Screening Committee of Mathematical Sciences for “SERB-SURE”. Needless to say, I shall be very grateful for your kind gesture to serve the cause of Indian Science through your contributions while working on this committee.

We hope that you will accept the Screening Committee's Membership and help us in this endeavour. Kindly convey your consent to Dr Ramesh Vijayan, Scientist-D ([drvramesh@serb.gov.in](mailto:drvramesh@serb.gov.in)).

With warm regards,

Yours sincerely,

  
(Sandeep Verma)
