

2-Year/1-Year Master's Program in Mathematics (NEP-2020)
RESEARCH PROJECT

Master's Mathematics (4th Semester)
Course Code: MMTHPDI426

Total Credits: **12**
Total Marks: **200**

In addition to periodic updates, the Department offers the following specializations.

1. Graph theory
2. Mathematical Modelling/Biomathematics
3. Complex Analysis
4. Differential Geometry
5. Functional Analysis/Fixed point theory
6. Cryptography.

The details are given in the Regulations of the Program.
