## NOTES :

MINUTES OF THE MEETING OF THE BOARD OF UNDER-GRADUATE STUDY IN MATHEMATICS HELD ON 07-11-2017 AT 1:00 P.M. IN THE OFFICE CHAMBER OF THE HEAD OF THE DEPARTMENT.

At the outset the Head of the Department while welcoming the members apprised them about the agenda of the meeting.

- To review the syllabus for B.A./B.Sc Mathematics in the light of the CBCS (Choice based credit System) session 2016 and onwards.

In view of the various suggestions/complaints received from the various College teachers and Undergraduate students regarding the B.A./B.Sc. 3<sup>rd</sup> Semester (CBCS) syllabus of Mathematics-2016 uploaded to the University Website, it is reported that the syllabi of Core and SEC courses have been combined on the website. Whereas in the SEC courses different course has been uploaded. In fact on the website, in the combined courses the Core course i.e. Real Analysis of 6 Credits is appended with 2 SEC courses i.e. "Complex Trigonometry" and "Logic and Sets" of 2 Credits each and in the SEC courses a different course "Logic, Sets and Linear Programming" has been given. The fact is that the SEC course "Complex Trigonometry and Logic and Sets" is of 4 credits.

It is therefore, unanimously resolved and recommended by the members of the Board of Undergraduate studies in Mathematics that the anomaly may please be rectified at the earliest so that there is no confusion among the stake holders. The complete copy of syllabus of B.A./B.Sc. (CBCS) Mathematics-2016 and onwards of all the 6 semesters and signatures of the members are enclosed.

The meeting terminated with a vote of thanks.
